GOING . . .

going, growing

that is the story of

McClellan High School.

In 1966 the doors opened
with an enrollment of 919 students.

In this year 1973
the pupils number 1,412.

This rapid growth has made the
Pulaski County School District

the largest and fastest

growing one in the

state of Arkansas . . .

... Growing problems
have brought the addition
of five portable buildings
and an increase of
twenty-eight faculty members
since 1966 bringing the total
to sixty-nine while the money has
not increased sufficiently.

The five mill increase
asked by the County last year
failed.

What will 1973 bring? ...

GOING . . .

Cultural life
is growing.
The enrollment
of students taking
choir in 1966
was 160.
With the new
division lines
of schools in 1972
went many
choir students
leaving the enrollment
at 196.

With the increasing
population of
the Southwest area,
the choirs of
McClellan High School
are expected
to be steadily
growing . . .

GOING . . .

has been a side
of school seen by
every student and much
of this going is to
better prepare ourselves
for the world awaiting us.

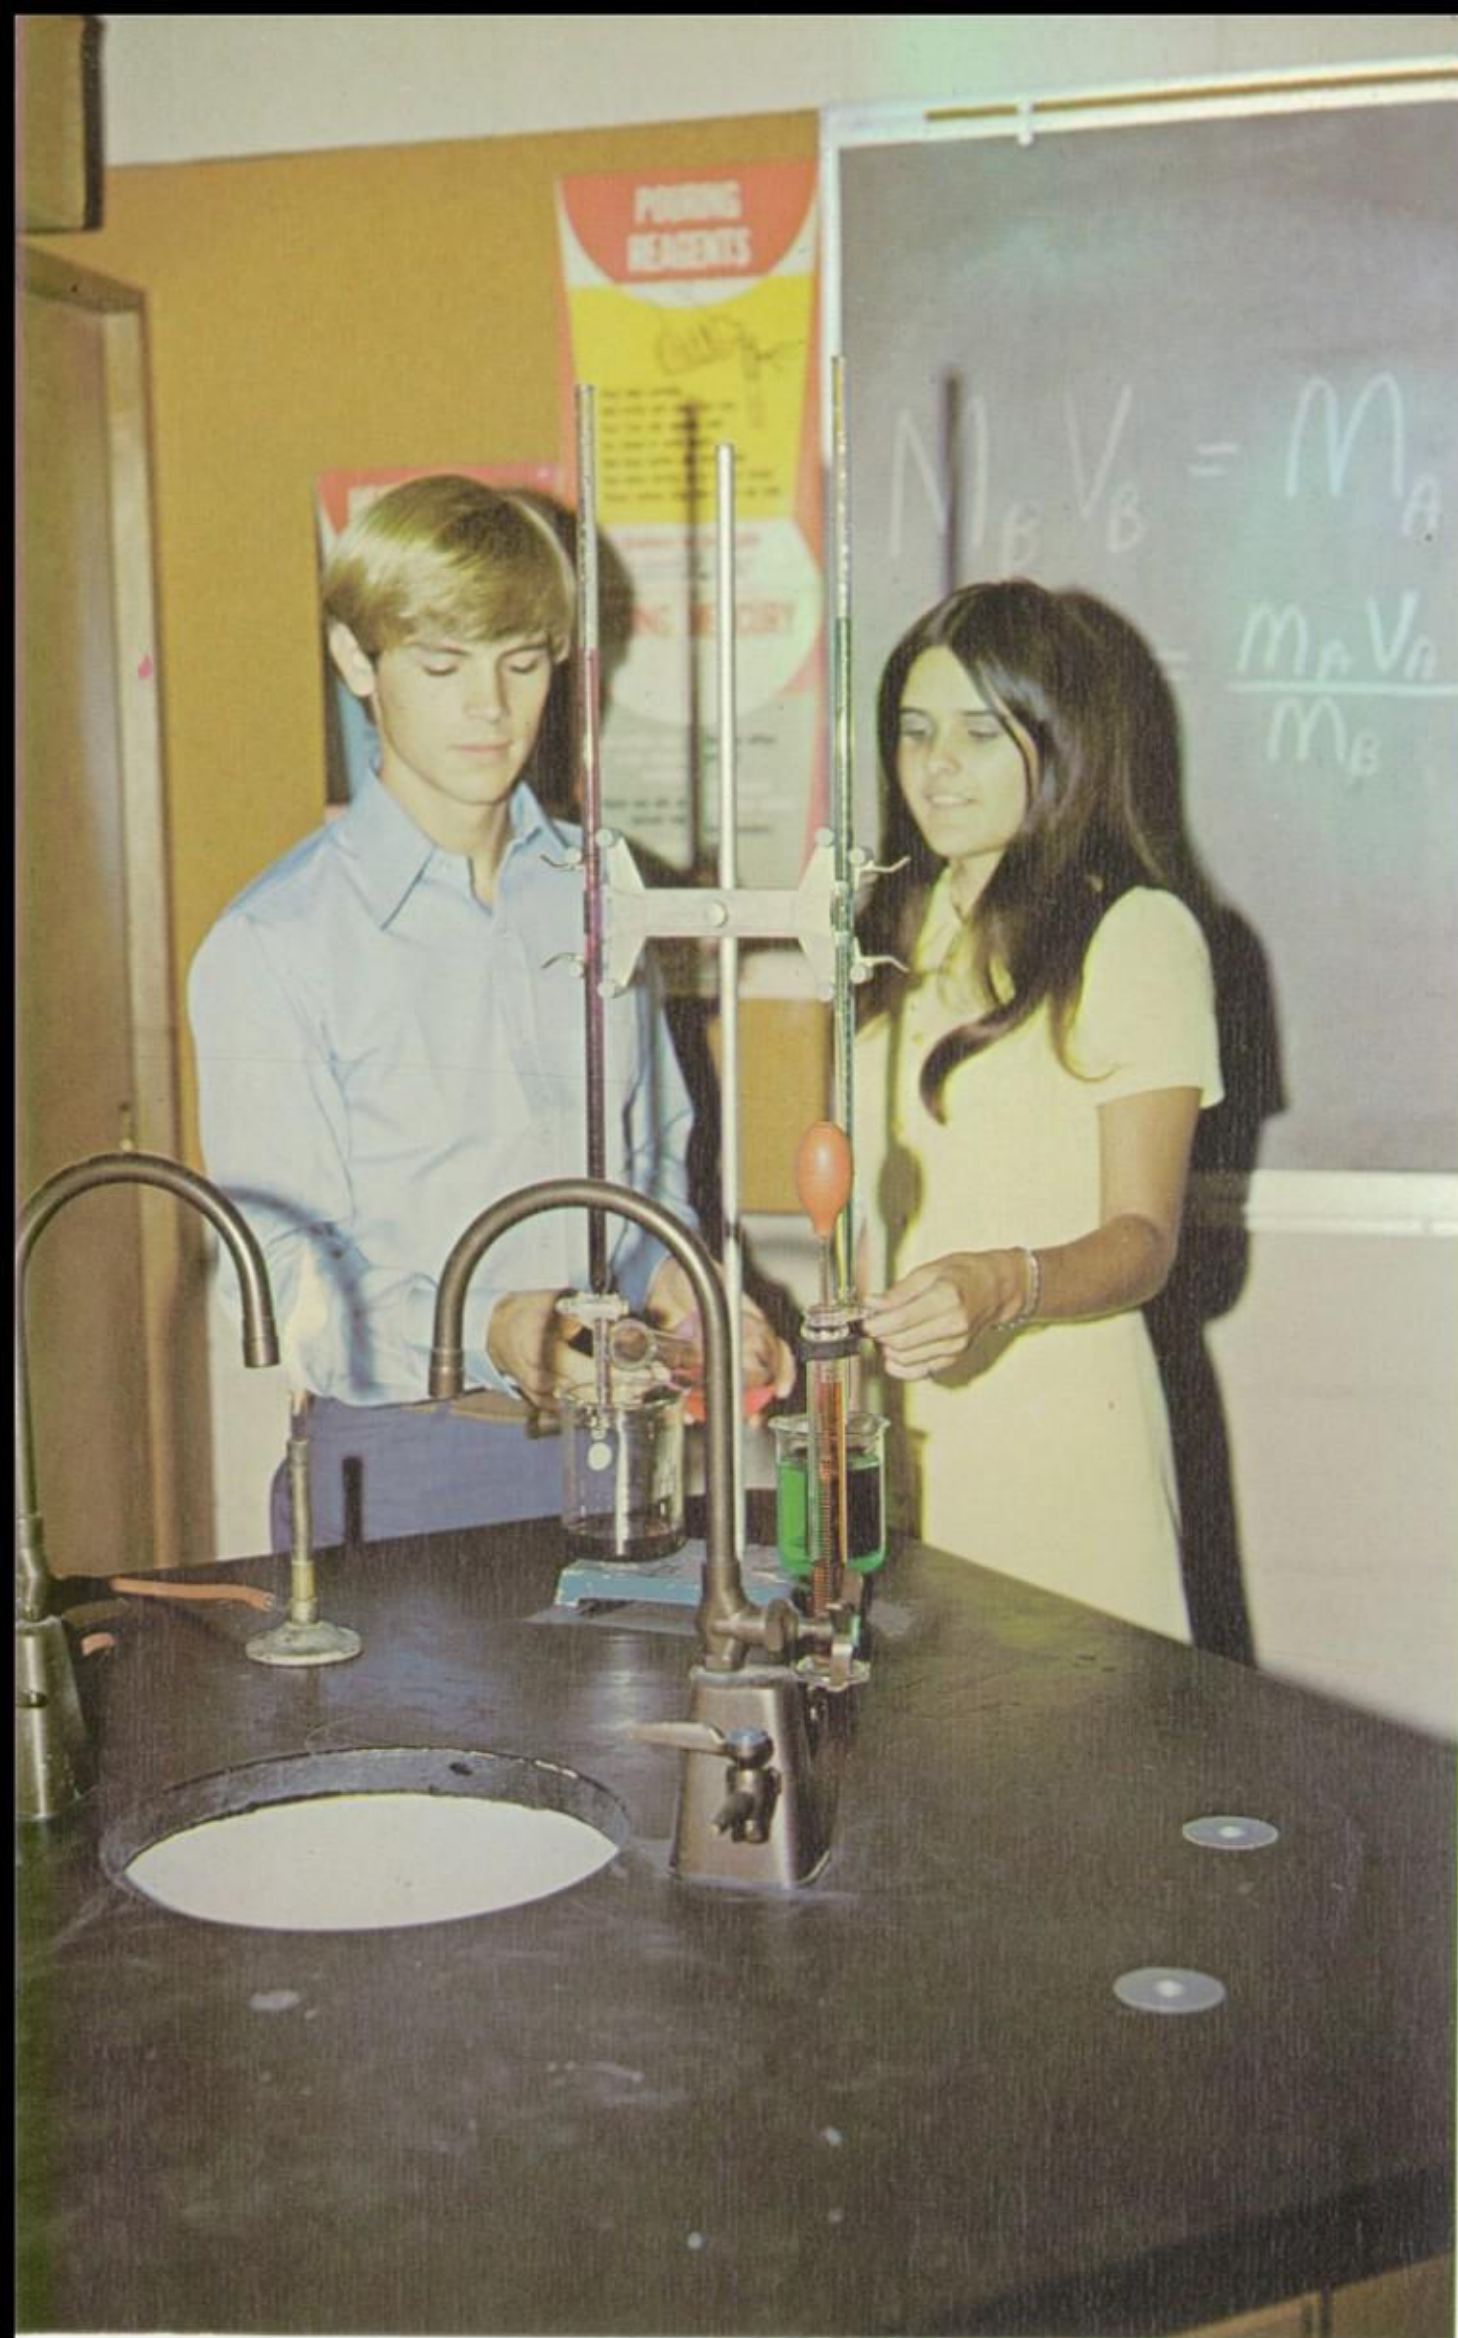

We all know
that some
of the most
important
knowledge
to be gained
does not
come from
books . . .

GOING . . .

from a year
of determined studies,
enthusiastic spirit,
and lasting friendships
to graduation
and new beginnings is
challenging . . .

GROWING . . .

. . . Each person
represents an individual with a
different interest and thought. With
the increase in enrollment, more
clubs are needed to develop an
individual's interest . . .

McClellan now offers twenty-five clubs

as compared to sixteen

when this school opened.

With so many clubs,

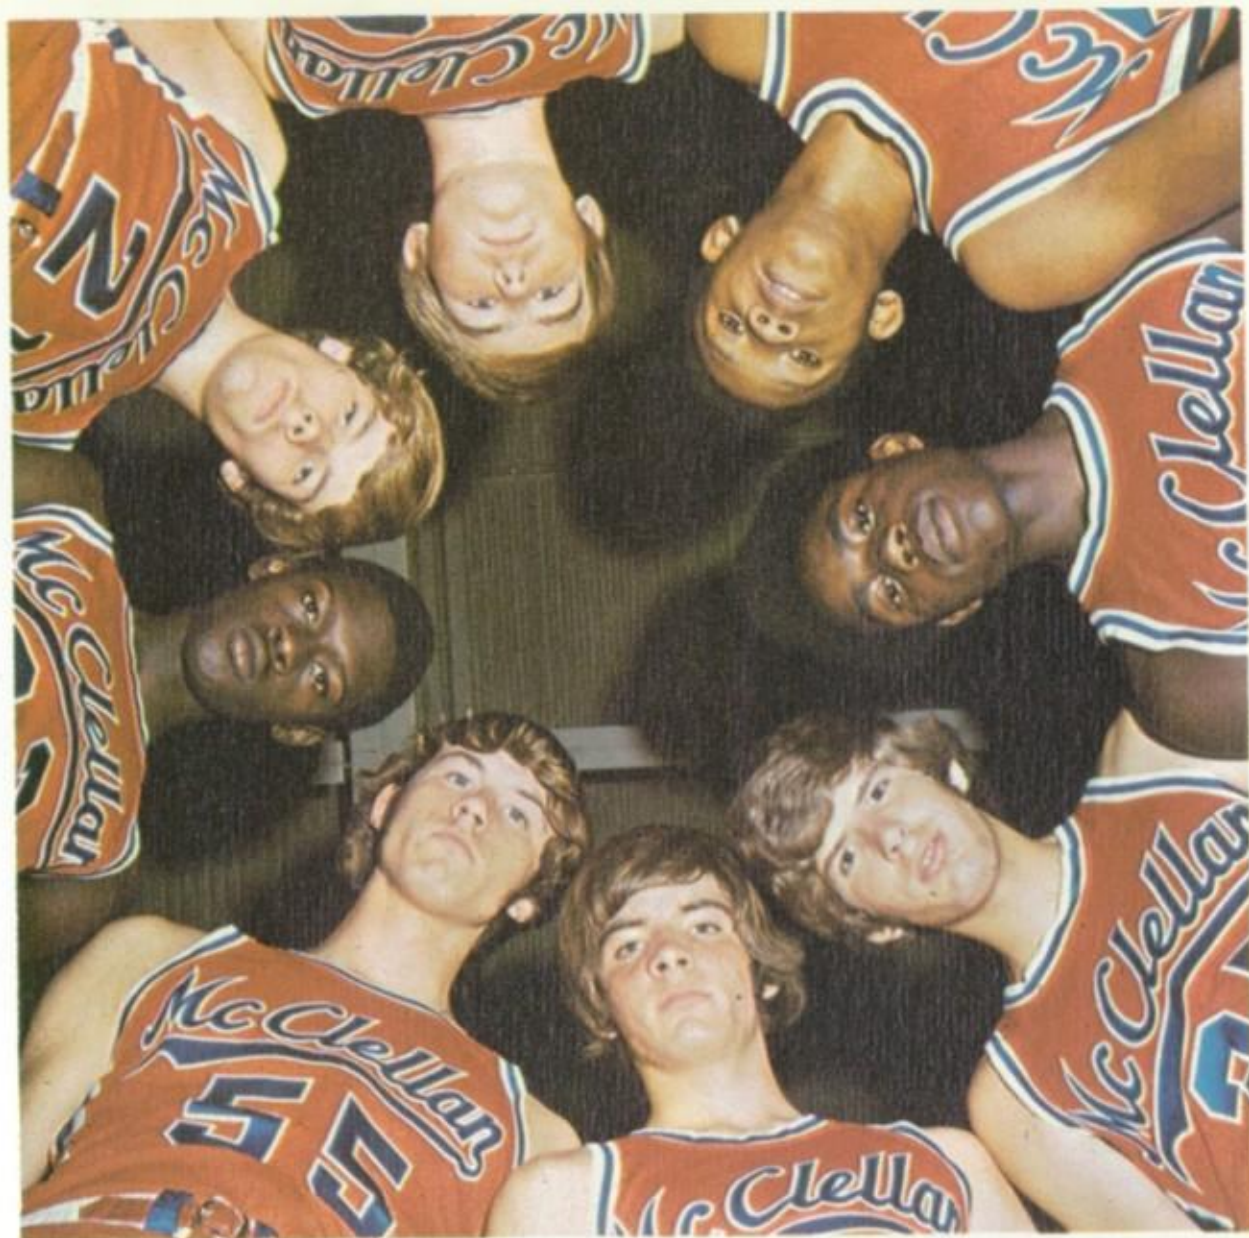

a schedule must be maintained

to prevent the interference

of club meetings . . .

GOING IN ATHLETICS...

... from a new school with
new coaches and a floundering
athletic program to a AAA
powerhouse,
... growing in spirit and
abilities through student
support and self-sacrifice,
... learning to accept
defeat as well as victory
with a crimson courage
is the Lion tradition ...

GOING

Drums
sounding-out
the life
strains,
reverberating
throughout
the halls;
few go
many take
their places,
ever growing
ever reaching
to the
ultimate
music . . .

Journalists writing
of the happenings
around the school,
forming
a common bond between
the great masses
of people,
making knowledge
common to all.

GOING

... Problems in
overcrowding may
make half-day
schedules possible.
Overcrowding will
also present a
financial problem.
Clubs and Organizations
in the future may
have to be cut out
and the possibility of
only scholastic
classes being
held ...

... The end of the year is like
the end of a day.

While the year progresses,
time seems to drag,

but in reality it is just

a fleeting moment till all is **GONE.**

I have much faith in today's youth, especially the students of McClellan High School. I encourage your continuing your education after completion of high school by attending college, vocational school, or through self education. Keep always in mind that although you are our young citizens today, you are destined to be our adults and leaders of tomorrow. Through learning, you will become more efficient in the arts of communication, listening, and fair and unbiased judgement. In this way your civic decisions and contributions will be more desirable and effective in the future.

Dedication Honors Go to Bill Wood

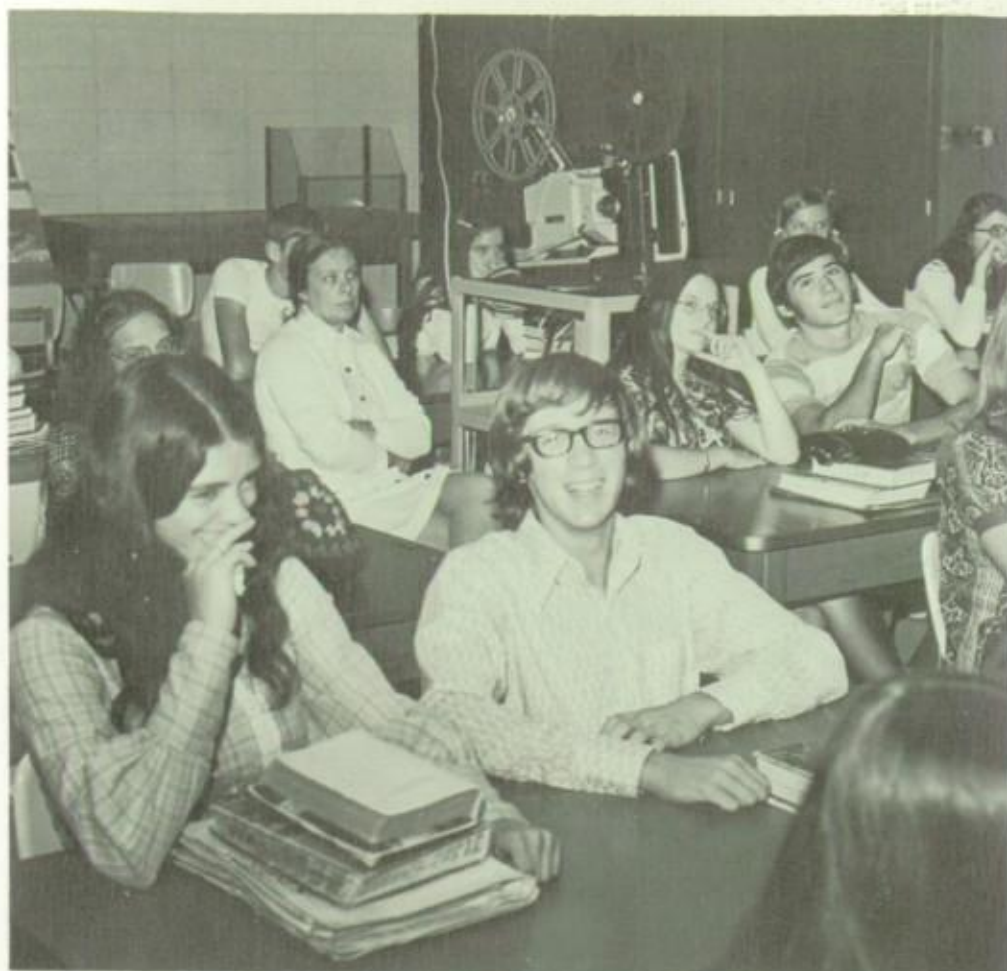

A teacher whose exuberance
and unorthodox methods
of instruction make
teaching a true art is a
rare phenomenon.

In 1973 LION is dedicated
to such a person. His
genuine devotion
and zest for life are
reflected in his entertaining
and informative treatment
of Chemistry and Physics,
which he has taught for over
four years.

Therefore, it is with
great pride and appreciation
that the 1973 LION Staff
dedicates this annual to
Mr. Bill Wood.

C. O. E. Puts Earning And Learning Together

The Cooperative Office Education was a training course for job placement skills including typewriting, shorthand, bookkeeping, etc. For several weeks C.O.E. classes simulate a business similar to Sears and the students rotate every two weeks to different positions within the company. This gives the student a chance to work in several positions. The students see how important it is to work with each other and how their jobs relate to each other. All of the C.O.E. students took the Civil Service Clerical or Secretarial Test in the spring.

Students use various types of business machines.

GAMES

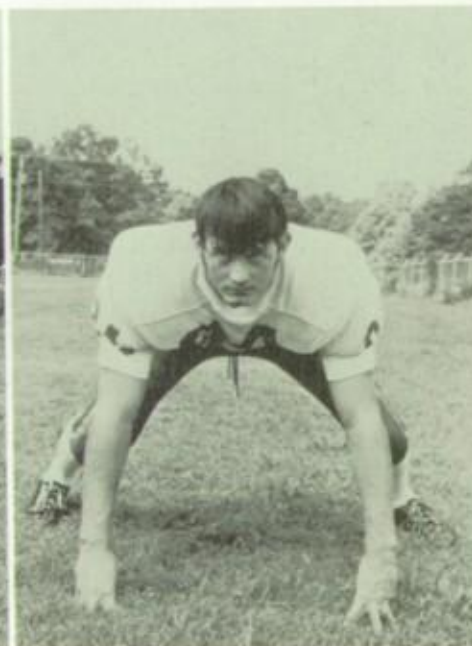

Coach Yotter said of the 1971 season, "It is my personal feeling that the spirit and determination of this squad will carry over to the Crimson Lions of 1972; the Crimson Lions will continue a winning tradition." Any rebuilding season following a state championship might seem to some a disappointment. Football is a game of breaks; this year the breaks went against the Lions. Injuries struck the inexperienced team early. Recurring rain-fall kept practices at a minimum. It was far from a disappointment, though a 7-5 season mark fell short of repeating dominance. The success of the season rested not in state or conference rankings, but in the excitement produced for both players and spectators. The offense kept gobbling up ground, the defense remained stalwart, and crowd support was spirited as ever. This season was a great one !

Crimson Lions Shut Out Benton Panthers 20-0

Eddie Smith, on his initial carry of the '72 season, broke sixty-eight yards for the final touchdown as the McClellan Lions shut out the Benton Panthers 20-0. McClellan's scoring began with a three yard run by Percy with twenty-two seconds remaining in the first half. Percy's extra point was good, giving the Lions a 7-0 halftime lead. Quarterback Steve Graham scored on a one yard run in the third quarter, capping a sixty-five yard drive in eleven plays. Percy's extra point was again good. Benton's only threat came in the last minute, but a fumble on the McClellan nine ruined all hope for the Panthers. The Lions also ruined their defense.

Benton discovers a tough Lion defense.

The powerful Hurricane defense slows fullback Virgil Percy.

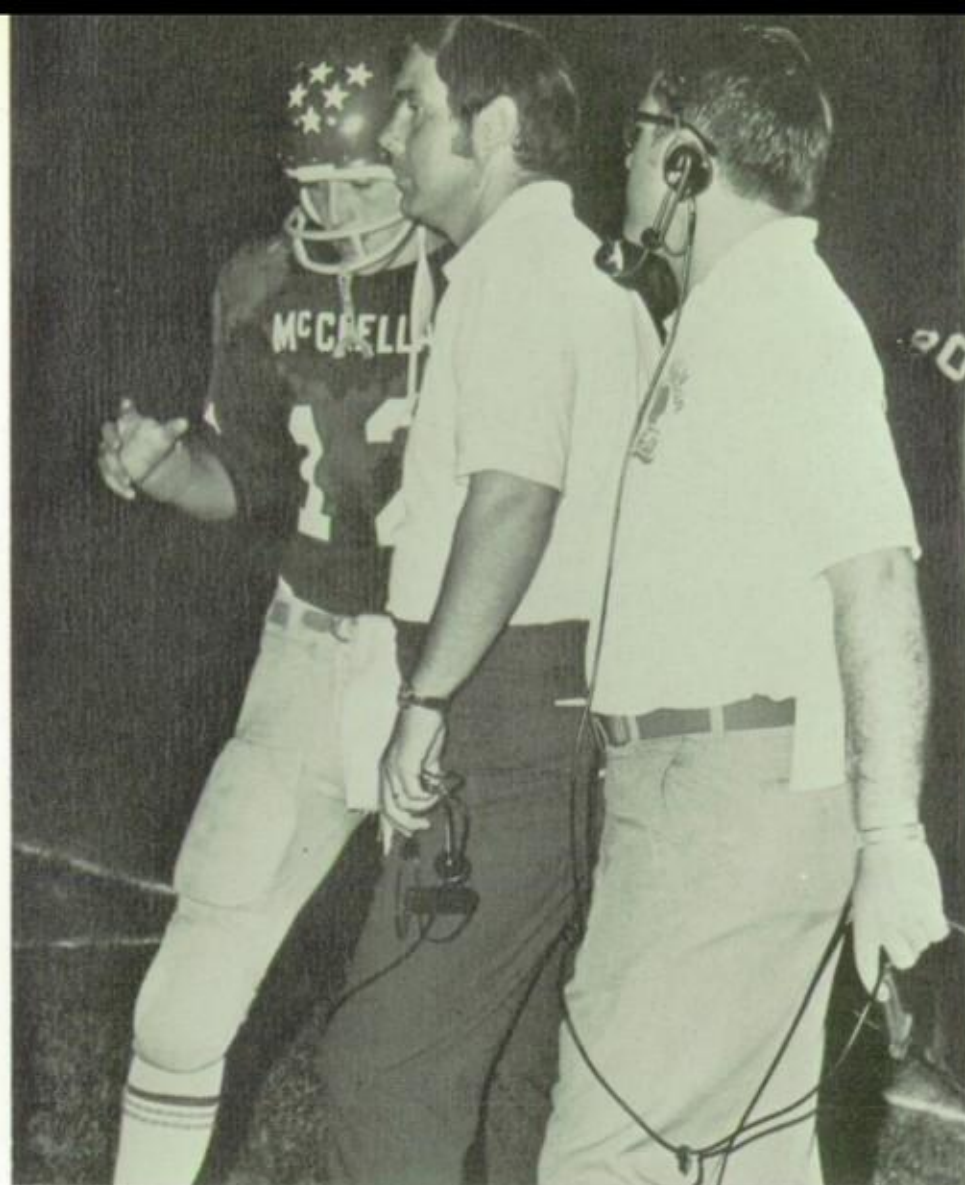

McClellan both outplayed and outpowered the Jonesboro Hurricane in the first three quarters, but it was the fourth that determined the Lion's fate. This fate was a 26-9 defeat. McClellan recovered a Jonesboro fumble on the Hurricane forty and moved on to score in three plays. It was Virgil Percy who broke up the middle for thirty yards, and the touchdown. The extra point failed making it 6-6 at the half. Greg Robey recovered a fumble in the third quarter to set up a thirty-six yard Percy field goal. After that it was all Jonesboro.

West Memphis Falters: McClellan Wins Homecoming 14-6

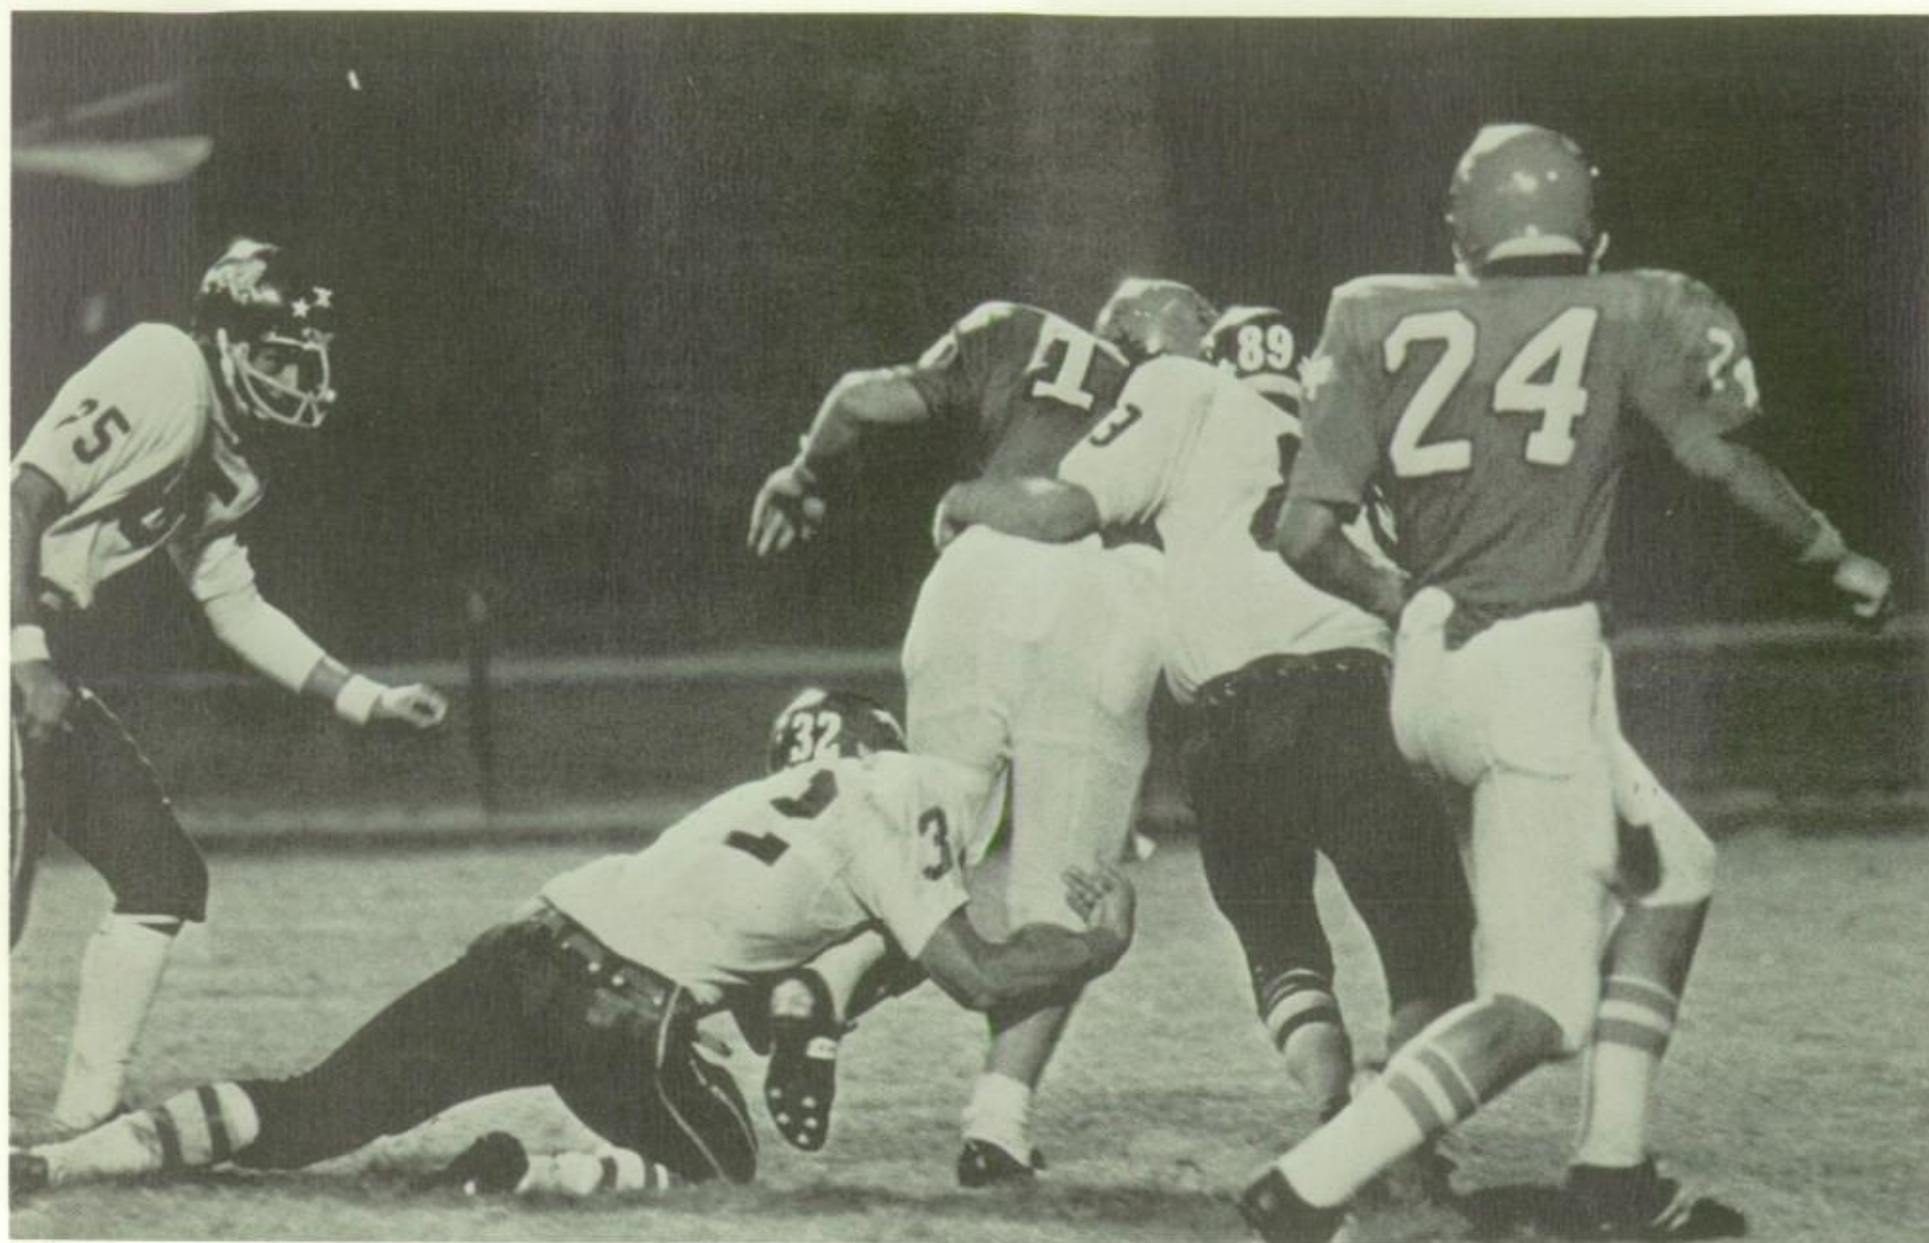

Larry Hall finds little running room against the unyielding Blue Devils.

The Devils surround Hall.

Things looked dim for the Lion's homecoming, as West Memphis took advantage of a sputtering McClellan offense to grind out a 6-0 half-time lead. But in the second half McClellan, engineered by Steve Graham, marched fifty-seven yards to go ahead 7-6. It was Percy's one-yard plunge and extra point that gave McClellan its seven points. Following big defensive plays by Lion's Mike Hendricks and David Louks, Graham went in for the clinching touchdown. Percy added the final point with 1:32 left in the ball game.

McClellan's defense harasses Hall's backs.

The Lions crash into a stunning win.

With three starters from last year, Greg Laughlin, James Smith, and Jimmy Elrod, Coach Eagle built a team with the drive and determination to come back from a discouraging start and work to a winning season. The main problem the Lions faced was finding a couple of quick, aggressive guards. Eugene Holloway, David Shipp, Jeff Davis, and Wendell Jones provided the talent to fill these positions. McClellan started the season with a very tough schedule, including some of the top AAAA schools. The Lions went on to a eight game winning streak and became one of the top ranking teams in the AAA-East Conference..

Crimsonettes and Lionettes show what true McClellan spirit is really like.

McClellan participated in the SCA Invitational High School Tournament in Conway on January 2-6. The Lions opened up by defeating Brinkley 74-57. This win put McClellan in the semi finals against Morrilton.

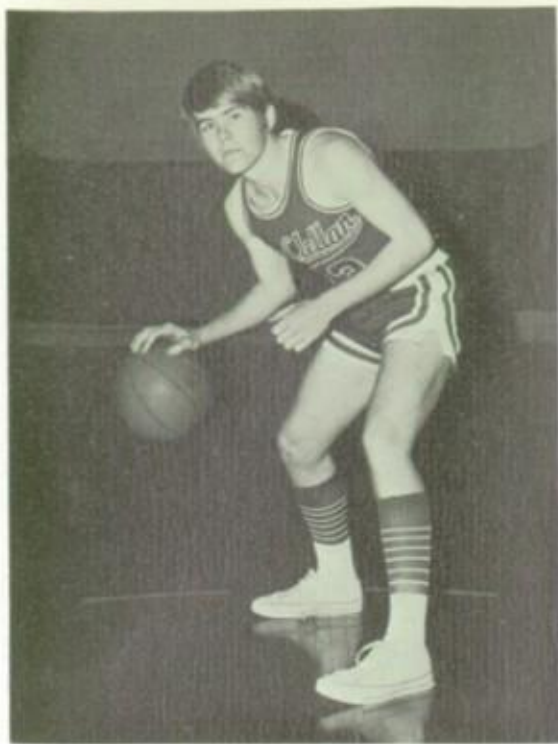

Eugene Holloway scored two free throws at the buzzer to give the Lions a 45-43 win. McClellan had to face Conway in the finals, a team who had beaten them earlier in the season. With three seconds left to play James Smith put in a basket to give the Lions the SCA High School Championship.

This year the McClellan High School Student Council has been busy attending conferences, conventions, and meetings. Last July, Larry Tubb attended the National Leadership Workshop at Camp Couchdale in Hot Springs. In August, Rodney Jones, Judi Metcalf, Linda Hale, and Mrs. Betty Burr traveled to Conway for the State Student Council Workshop. The Southern Student Council Conference in Columbia, South Carolina, was attended by Judi Metcalf, Steve Mosley, and Mrs. Burr in October. Present at the Central Arkansas District Meeting in Malvern during December were 25 MHS Student Council representatives and Mr. Carl Grummer. The State Student Council Convention took place in Hope this past April. Attending with Mr. Grummer were two McClellan delegates. MHS Student Council representatives collected and distributed approximately fifty Christmas baskets for the needy. Other projects included the Annual Talent Show, Annual Honors Banquet, and Citizens of the Month and Year awards.

Becky Fain and Randy Burris were featured as "Bek and I" in an assembly sponsored by the Student Council.

Advisory Board Studies Problems

More student interest and participation was noted in the '73 Advisory Board meetings. Students had so much they wanted to discuss that the board voted to meet twice a month instead of once. They discussed and voted on sending a petition to Mr. J. K. Williams and the school board to make them more aware of the maintenance problems here. Students suggested that all be exempt from semester exams who had a B average, but this was voted down. Seniors are exempt now the last semester.

Memories Are Never Gone

To Robert
 It been nice
 knowing you
 for the last
 3 yrs and I hope
 to see you
 next year
 Good luck
 in all you
 do. Jessie
 Davis.

To live a life to the fullest one
 must play his role.

He must know his script well
 enough to manage through
 the whole play.

To know just cues is not
 enough. To play the part a person
 must feel the part. Without
 feeling, you contribute
 nothing to the play and are
 therefore meaningless to it.

To enjoy life to the
 fullest know yourself and be
 sure of yourself.

Without full understanding
 of yourself your mental
 outlook on everything around
 you will be GONE
